The regional national service trainings provide professional development and training on effective program and grants management to advance the national service and volunteer sector. These attendees work hard each day to provide critical services to thousands of people in their respective states. From tutoring and mentoring to hunger prevention to reintegrating veterans, these programs make a difference in local communities across the country.

**You can help by sponsoring or hosting an exhibit booth at one or more of the regional national service trainings.** Your sponsorship is tax deductible as a charitable contribution as allowed by law.

Enclosed you will find more information including sponsorship levels and benefits. We thank you for your consideration and look forward to further discussing how your organization can play a role in advancing the national service and volunteer sector.
